

# Northland District Health Board

## Electing 7 Members

---

---

### **Lucina KAUKAU**

My principal place of residence is in the Northland District Health Board area.

A Registered Nurse with 28 years experience working within the public and primary sector. I understand the complex issues around funding and delivering healthcare services.

I'm passionate about the rights of our people and we need to know that we are able to access high quality healthcare when we need it across the region-rural and urban, all ethnicities, all ages and especially our most vulnerable at risk.

Rapid demographic change is occurring and this will provide significant challenges for both treatment and prevention services.

I will listen to people's views, make rational evidence based decisions, serve the community with integrity. I'll work collaboratively with colleagues unafraid to ask the hard questions at the board table and strive for solutions that are people orientated to suit our demographic population.

#### *Conflict of Interest Statement*

To the best of my knowledge and belief, I have no conflicts of interest with the Northland District Health Board at the date of my notice of consent to being nominated as a candidate for membership for the board of the District Health Board, and I do not believe that any such conflicts of interest are likely to arise in the future.
